

GPP 453 : Public Policy and Social Issues

This course will cover a wide range of topics, from the norms and values informing democratic policymaking to the basics of cost-benefit and other tools of policy analysis. This course will also examine a variety of issues considered to be '93social problems. The course will look into how particular issues came to be considered as '93problems'94 in the first place, while other issues do not. Though emphases will differ, all sections will address the institutional arrangements for making public policy decisions, the role of various actors-including nonprofit and private-sector professionals-in shaping policy outcomes, and the fundamentals (and limits) of analytic approaches to public policy.
