

5.7 Student Wellbeing

Alfaisal University is committed to promote good health and meet the medical needs of its students. A student who is ill or experiencing chronic disease should inform the University before been admitted to the University. Student who suffers from disability, psychological or health issue must consider the following:

1. Student who has a disability issue must submit official copy of his/her medical report to student Counseling Office.
2. Student who has a psychological issue must submit official copy of his/her medical report to student Counseling Office.
