

# OPM 498 : Operations and Project Management Internship

This course requires students to complete a four months placement as an internee in either a private or government organization. This is an important part of the BBA degree requirements which bridges the gap between theory and practice. Students have the opportunity to get hands-on experience in Operations and Project Management related areas, including planning, tracking, reporting, managing projects, and operations; overseeing supply chain management and logistics functions; assessing processes quality and risk.
